## WORK EXPERIENCE

Software Developer at **Adaca** ( September 2022 – Current )

- Facilitated onboarding new developers onto the system, ensuring a smooth transition and accelerated integration into the development workflow.
- Improved the developer experience by implementing types and enhanced the codebase's maintainability.
- Established client communication, ensuring alignment with project requirements and consistently delivering tailored solutions within the system.

Software Developer at **Digiteer** ( June 2021 – August 2022 )

- Developed, maintained, and enhanced Digiteer's Full Stack Applications.
- Supported production issues and escalated concerns as needed.
- Managed and monitored AWS cloud services.

Software Developer at **Techmaker** ( November 2019 – June 2021 )

- Delivered improvements on Techmaker's Full Stack Applications.
- Turned design prototypes into single page apps.
- Documented all supported systems to effectively train the new and existing team members.

## PROJECTS

**SFMBlue** – Buy & Sell wholesale seafood online. ( Current )

- Expanded the price quoting feature to cover a global scope, extending from Australia and New Zealand to worldwide.
- Implemented negotiation functionality into the system, enabling buyers to engage in listing negotiations.
- Introduced and improved the developer experience by implementing types through JSDoc in a legacy system, thereby modernizing and enhancing the codebase's maintainability.
- Enhanced email templates to ensure compatibility with a broader range of email clients.

**Santi** – E-Learning platform for Donbosco. ( July 2021 - January 2022 )

- Delivered improvements on managing contents on the student portal including maintenance of lesson, bulletin, event, etc.

**Arsenal** - Rental platform for filmmakers in the Philippines. ( November 2019 – June 2021 )

- Developed major features like OTP, checkout, booking requests and cart pages.
- Reviewed code and debugged errors to improve performance.

**Automart.ph** – Used, second-hand and repossessed cars. ( January 2020 – March 2020 )

- Worked on frontend with template engine Blade and JQuery.
- Developed major feature like scheduler with Laravel.

## **EDUCATION**

**Batangas State University** – BS in Information Technology ( 2015 – 2019 )
